

I'm Hafedh Dhouib Young developer from Tunisia, I'm specialized on the web developer, I see your job offer and I'm interested to work with your company.

I participate this year in the Program for immigration Formazione Per L'Italia:

<https://www.formazioneperlitalia.com/>

Where I studied:

- 100 hours of Italian.
- 10 hours of orientation.
- 20 hours of civics educations.
- 20 hours of safety on the work.
- 50 hours of vocational training.

I passed the Italian exams A1 and I obtained my certification.

The Italian government reserved quota to our program for the Nulla Osta, so I don't have a problem of obtaining the Nulla Osta as I obtain my certificate.
